Re: Petition of Senator Dinniman for Interim Emergency Relief; Docket No. P-2018-3001453; Senator Dinniman v. Sunoco Pipeline L.P.; Docket No. C-2018-3001451

Dear Secretary Chiavetta:

In all discussions with Sunoco Pipeline about the Mariner Ease 2 (ME2) project, representatives from the company have been forthright and responsive to any and all inquiries. They have hosted numerous meetings, and been in constant communication with our Township about the status of the project and quickly addressed any concerns we had. Burrell Township is located in an area with crossroads of many industries, Sunoco has been more upfront with their intentions, and have communicated better with the Township than other companies have. We receive calls with updates on the project at least weekly if there is work taking place.

We look forward to working with Sunoco Pipeline in the future, and appreciate their earnestness and communicative approach. Because of this, we ask that you let them finish the ME2 project. This, combined with Mariner East 1, represents a \$9.1 billion economic opportunity for Pennsylvania, according to an updated study from Econsult Solutions. These aren't the kind of opportunities that often present themselves.

It's time to finish ME2 and get it online. Please let construction finish.

The Burrell Township Supervisors can be reached at 321 Park Drive, Black Lick, PA 15716 or by telephone at 724-248-3308. Office hours are Monday through Friday 7am to 3pm.

Thank You,
Burrell Township Supervisors:

Larry Henry
